

ARCHITECTURAL

DESIGN CONCEPT

Property Transformation Proposal

Facade Redesign | Roof Replacement | Garage Conversion

Second Dwelling | 3-Car Carport

01 — FRONT ELEVATION: BEFORE & AFTER

Existing brick facade • Terracotta roof • White balustrade • Roller garage doors

Rendered render • Colorbond® Monument roof • Glass balustrade • Open lower level

ROOF

Terracotta tiles removed.
Colorbond® Monument installed.

UPPER CLADDING

Brick removed. Smooth acrylic render in off-white.

LOWER LEVEL

Rendered charcoal finish.
Garage doors replaced.

BALUSTRADE

White railing replaced with glass panel system.

WINDOWS

Existing replaced with large black aluminium frames.

LANDSCAPING

New garden beds, plantings and concrete driveway.

02 — FRONT ELEVATION: OPTION 2 vs OPTION 1 COMPARISON

Carport attached left • Matching granny flat visible • White render upper

Wider driveway • Natural stone feature • Larger lower glass facade

FEATURE	OPTION 1	OPTION 2
Carport Position	Attached left of house	Attached left of house
Roof Style	Hip roof — Monument	Hip roof — Monument
Upper Wall Finish	White smooth render	White smooth render
Lower Wall Finish	Dark charcoal render	Natural stone feature + charcoal
Glass Balustrade	Yes — full width	Yes — full width
Granny Flat Visible	Yes — left	Yes — right side

03 — REAR ELEVATION & SITE: BEFORE & AFTER

BEFORE

Pool area • White railing verandah • Brick facade • Old concrete slab

AFTER — OPTION 1

Renovated pool area • Glass balustrade • Modern render • Landscaping

BEFORE — AERIAL

AFTER — OPTION 2

SITE LAYOUT

KEY FEATURES

▶ 3-Car Carport

Colorbond® Monument skillion roof. Steel frame. Positioned to the left/rear between 2nd dwelling and main house. ~\$35,000–\$55,000.

▶ 2nd Dwelling — Granny Flat

1-bed, 1-bath, ~60m² detached. Matching design language: render, Monument roof, black aluminium windows. ~\$200,000–\$240,000.

▶ Pool Retained

Existing pool retained and landscaped around. Pool fence and paving upgraded to match new aesthetic.

▶ Driveway

Shared concrete driveway extended to serve carport and granny flat. Decorative saw-cut finish.

▶ Landscaping

New garden beds, native plantings, and lawn re-establishment around all structures.

05 — LOWER LEVEL CONVERSION: GARAGE → GRANNY FLAT

~60m²

Total Area

Entry

Full

Kitchen

Existing garage — 2 roller doors · Studio space

Converted lower level · Separate entry · Open-plan living

SCOPE OF CONVERSION WORKS

- ◆ Garage roller doors removed — openings infilled with rendered masonry
- ◆ New partition wall for bedroom and bathroom/laundry (wet area)
- ◆ Galley kitchen installed — stone benchtop, integrated appliances

- ◆ Separate metering (electricity + water) + split system AC installed
- ◆ New timber & glass pivot entry door with covered porch
- ◆ NBN connection point and internal cabling

06 — ITEMISED COST ESTIMATE (AUD, incl. GST)

SCOPE ITEM	DESCRIPTION	LOW EST.	HIGH EST.	NOTES / SOURCE
1. FACADE — ROOF REMOVAL & REPLACEMENT	Remove existing terracotta tiles (~260m² roof area). Supply & install Colorbond® Monument profile sheets, sarking, new gutters, fascia & downpipes.	\$28,000	\$42,000	metroroof.com.au: tile-to-Colorbond \$15k–\$35k (single storey). Larger roof + complexity uplift applied. Includes tile disposal.
2. UPPER WALL — RENDER & PAINT	Remove/prepare brick surface. Apply 2-coat acrylic render system (JPS or Rockcote) to upper level (~220m² wall area). Paint in off-white.	\$22,000	\$32,000	jimsrenderingsydney.com.au: acrylic render \$60–\$100/m². 220m² @ mid-rate + scaffold allowance.
3. LOWER LEVEL — RENDERED CHARCOAL FINISH	Render and paint lower brick walls in deep charcoal 'Domino'. ~120m² area including returns.	\$9,500	\$15,000	servicetasker.com.au: cladding/render \$80–\$120/m². Lower complexity than upper.
4. WINDOWS — BLACK ALUMINIUM FRAMES	Remove existing window frames and glazing. Supply & install new black powder-coated aluminium frames, double-glazed panels, fly screens throughout upper level (~18 windows).	\$38,000	\$60,000	Typical NSW window supply + install: \$2,000–\$3,500 per unit for large format frames. 18 units estimated.
5. BALUSTRADE — GLASS PANEL SYSTEM	Remove existing white metal balustrade (~22m run). Supply & install frameless glass panel system on upper deck.	\$15,000	\$22,000	Frameless glass pool fencing/balustrade: \$650–\$1,000 per linear metre installed. 22m run.
6. ENTRY DOOR & LOWER FACADE	Remove garage roller doors (2x). Infill openings with rendered masonry. New steel stud framing, insulation & render. Supply & install timber + glass pivot entry door.	\$18,000	\$28,000	Structural infill \$8k–\$15k. Premium pivot door supply + install \$8k–\$12k (custom joinery).
7. LOWER LEVEL CONVERSION — GRANNY FLAT	Convert lower garage/studio into self-contained 1-bed, 1-bath, open-plan granny flat. Kitchen, bathroom, laundry, separate metering, AC, NBN, internal finishes.	\$75,000	\$110,000	yellowpages.com.au: attached/conversion \$50k–\$150k. australianrenovation.com.au: \$3k–\$5k/m². ~30m² conversion.
8. NEW 2ND DWELLING (DETACHED GRANNY FLAT)	New 1-bed, 1-bath, open-plan granny flat ~60m². Slab on ground, Colorbond Monument skillion roof, render, black aluminium windows, deck, separate services.	\$185,000	\$240,000	duplexbuildingdesign.com: 60m² granny flat \$120k–\$250k (2025). landsales.com.au: \$120k–\$300k. Premium finish applied.
9. 3-CAR CARPORT	Custom steel-frame carport (approx. 9m × 6m). Colorbond® Monument roof. Concrete slab, engineering, council approval.	\$35,000	\$55,000	westernsheds.com.au: triple garage kit \$9.5k–\$18k supply. Installed + slab + engineer + council approvals: \$35k–\$55k total.
10. DRIVEWAY EXTENSION & CONCRETE	Extend and upgrade existing concrete driveway to service carport and granny flat. Decorative saw-cut finish. ~150m² additional area.	\$18,000	\$28,000	customhomesonline.com.au: concrete paving \$150–\$200/m². 150m² @ \$120–\$185/m² plus formwork and prep.
11. LANDSCAPING	Garden beds, native plantings, turf re-establishment, irrigation and mulch around all structures.	\$12,000	\$20,000	Landscaping: \$40–\$75/m² (customhomesonline.com.au). Estimate assumes ~250m² of garden areas.
12. PLANNING, PERMITS & PROFESSIONAL FEES	Architect/designer, structural engineer, council DA/CDC fees, building certifier, BASIX (NSW), S7.11 contributions estimate.	\$18,000	\$30,000	duplexbuildingdesign.com: approvals \$8k–\$12k. Architect 5–8% of construction cost. Conservative allowance.
13. CONTINGENCY (10%)	Recommended 10% contingency on all construction works for unforeseen site conditions, material price movements, variations.	\$47,400	\$68,200	Industry standard: always allow 10–15% contingency. Calculated on midpoint of above items.
TOTAL ESTIMATED COST	All works above including contingency	\$521,900	\$750,200	Refer to assumptions on next slide.

ASSUMPTIONS

- All costs are 2025 AUD estimates inclusive of GST.
- Property is assumed to be in NSW, non-coastal (no BAL/Colorbond Ultra uplift required).
- Existing roof area estimated at ~260m² based on aerial photos of this property type.
- Upper wall brick area estimated at ~220m²; lower level at ~120m².
- 18 large-format windows estimated across upper level — final count may vary.
- Granny flat conversion assumes ~30m² usable lower level garage space.
- New detached granny flat assumes flat, accessible ground — no major earthworks.
- 3-car carport assumes 9m × 6m footprint on existing cleared lawn area.
- Concrete driveway extension assumes ~150m² new area at mid-range finish.
- Council DA/CDC fees will vary — check with Shoalhaven/local LGA.
- BASIX compliance costs for granny flat included in professional fees estimate.
- Labour rates based on NSW regional/semi-rural market (typically 5–10% below Sydney metro).
- Estimates do not include: interior renovations, new kitchen/bathrooms inside main house, solar, electrical panel upgrades, or temporary accommodation during works.
- Prices are current as of Q1 2025. Allow 3–5% cost escalation per year of delayed commencement.
- Always obtain a minimum of 3 fixed-price quotes from licensed builders before committing.

INVESTMENT SUMMARY

Facade (roof, render, windows, balustrade, doors)	\$130,500	\$199,000
Lower Level Granny Flat Conversion	\$75,000	\$110,000
New Detached Granny Flat (~60m²)	\$185,000	\$240,000
3-Car Carport	\$35,000	\$55,000
Driveway, Landscaping, Permits, Fees	\$48,000	\$78,000
Contingency (10%)	\$47,400	\$68,200
TOTAL ESTIMATED INVESTMENT	\$521,900	\$750,200

YOUR PROPERTY TRANSFORMED

- 01 Appoint an architect or building designer for detailed plans & DA documentation
- 02 Engage a structural engineer for roof replacement & lower level conversion
- 03 Obtain 3+ fixed-price builder quotes — specify Colorbond® Monument throughout
- 04 Lodge DA/CDC with local council — allow 8–20 weeks for approval
- 05 Stage the build: facade first → garage conversion → then second dwelling & carport

Total Estimated Investment: \$521,900 – \$750,200 AUD | February 2026
